

SERIES® SEATING MODEL-K® CHAIR

We've expanded our product portfolio with the addition of the SERIES Model-K® stackable theater chair. Staging Concepts will distribute the new seating option, which is manufactured by SERIES® Seating.

With the new SERIES Model-K chair we set out to do the impossible: engineer the best upholstered theater stacking chair with a self-lifting seat in the industry.

Key Attributes:

- **Elegant Simple Design** with compelling visual dynamics will remain current for a lifetime.
- **Surround Foam Patented System** adds to your comfort, prevents fabric marks, prevents foam deterioration and keeps a cool temperature for long lasting use.
- **Patented Seat & Back Tubular Steel & Mesh Construction** maintains shape, increases durability and comfort to your seat and back. Backs have standard lumbar support. The seat construction will support up to **600 lbs.** on the front edge of the seat and up to **900 lbs.** across the middle of the seat.
- **Patented Fully Enclosed Silent Seat Gravity Lift System** does not require any maintenance and will operate perfectly as long as there is gravity to help, ensuring the seat will always return to a consistent position without finger or clothing entrapments.
- **Removable Slip Cover Upholstery** allows for quick change should fabric become soiled or outlives its useful life span without fabric puddling.
- **Linking Systems** allows you to connect chairs to each other on straight, radius or reverse radius row configurations.
- **Front Stacking** allows you to stack up to **20 chairs** and go through a standard **8' high** door.
- **SERIES Seating manufactures in-house all product components** including foam, engineered wood, steel, and upholstery saving cost and improving quality control on all products.

LINKING SYSTEM

- Integrated connecting system for straight or radius rows configurations

Key features that set the SERIES Model-K chair apart from other chairs:

- Self-lifting seat provides a narrow envelope of only 20" (508 mm)
- Chair stacking capacity, up to 20 chairs
- Lightweight armless 23 pounds (10.5 kg)
- Replaceable zippered seat and snap-in back cover
- Quick and easy front load stacking
- Stores in 1/2 of the space of typical stacking chairs
- Available in armless, arm or dual arm configuration
- Durable steel construction passes 600 lb. static load test
- Innovative patented design

These unique features result in more than just another chair. The SERIES Seating Model-K theater chair is the new standard in theater stacking chair design.
